

ASSIGNMENT - 3

| | |
|---------|------------------|
| Date | 07 October2022 |
| Name | Swetha M |
| Team ID | PNT2022TMID13786 |
| Roll No | 622119104111 |

1. Create a bucket in cloud Account:

The screenshot displays the IBM Cloud console interface. The left sidebar shows the navigation menu with 'Buckets' selected. The main content area shows the details for a bucket named 'bucket123' under 'Cloud Object Storage-5o'. A green notification box in the top right corner states: 'A bucket created successfully! The bucket bucket123 has been created and is now available to add objects.' Below the notification, there is a section for 'Objects' with a search bar and a table header: 'Object name', 'Archived', 'Size', and 'Last modified'. The table is currently empty. A large dashed box with the text 'Drag and drop files (objects) here or click to upload' is visible. The bottom of the screen shows a Windows taskbar with various application icons and a system tray indicating the time as 9:22 AM on 10/6/2022.

Buckets

Buckets serve as containers for objects, and can be individually configured in terms of their location, resiliency, billing rates, security, and object lifecycle rules.
